

Lova Rakotomavonandrianina

Frontend Web Developer & Designer

lova@threeohfivestudios.com | Los Angeles, CA
Portfolio: <https://threeohfivestudios.com/portfolio/>
LinkedIn: <https://www.linkedin.com/in/lovarakoto/>

Frontend web developer and designer with 7+ years of experience building responsive marketing and ecommerce websites. Combines visual design with HTML, CSS, JavaScript and CMS implementation, including WordPress, Sitecore and Builder.io. Experienced in Figma-to-production delivery, cross-browser QA and collaboration with design, marketing and backend teams.

EXPERIENCE

Marketing Web Developer | Logix Federal Credit Union

May 2026 - Present

- Develop and maintain marketing web experiences using WordPress and Sitecore.

Design Engineer | Golden Hippo

April 2023 - May 2026

- Led frontend development for the Gundry MD rebuild, translating approved Figma designs into reusable Builder.io components and coordinating two supporting frontend developers with backend partners.
- Built and maintained responsive marketing and ecommerce websites using HTML, CSS, JavaScript, WordPress and Elementor.
- Performed cross-browser, device and accessibility QA, supported Angular integrations, and submitted frontend changes through Git code review.
- Improved interfaces using user feedback, performance data and A/B testing insights.

Web Developer / Lead Web Designer | Starke Marketing

January 2019 - April 2023

- Led agency website projects from concept and visual design through development, launch and iteration for clients including B2B and SaaS businesses.
- Built responsive websites and custom WordPress themes using HTML, CSS, JavaScript and CMS platforms including WordPress, Elementor, Webflow and Shopify.
- Developed responsive HTML email templates with cross-client compatibility.
- Created professional visual and motion assets using Adobe Creative Cloud, including After Effects.
